

Penn State's hands-on program for high school students about soils, crops, insects, plant pathogens & ecosystems!

AgroEcology Day

Wednesday, September 16, 2009
10:00 a.m. to 1:30 p.m.

Hosted at the Russell E. Larson Agricultural Research Center
Agronomy Farm, Gate D
Rock Springs, PA

Admission is free & lunch will be provided!

Learn how agroecologists are working to improve our quality of life in areas such as...

- Preserving our natural resources: water, soil, and atmosphere
- Feeding people in an ecologically sound, sustainable manner
 - Developing and managing transgenic crops (GMOs)
 - Thwarting the invasion of weedy plants and genes
 - Understanding soil microbial populations
 - Protecting the world's biodiversity
 - Improving soil ecosystems
