

MS or PhD Graduate Assistantships, The Pennsylvania State University

MS or PhD Graduate Assistantships available in Agronomy and Soil Science at The Pennsylvania State University to study sustainable cropping systems based on ecological principles. Cropping-system practices are being designed to minimize pest populations, conserve nutrients, soil, energy, and off-farm inputs. A recently funded 3-year project with a team of Penn State and USDA-ARS scientists, is seeking graduate applicants for 2009/2010 (even though it is late in the application process) and for 2010/2011. For more information, contact: Dr. Heather Karsten or Dr. Douglas Beegle, Department of Crop and Soil Sciences (hdk3@psu.edu; 814-863-3179; dbb@psu.edu).
